

Royal Glamour with Michael Begasse

20 June to 27 June 2026 | A-ROSA SENA

Welcome to your Special and Event Cruise

Where history comes alive and the present captivates: this journey offers you exclusive insights into the world of royalty – approachable, expertly guided, and full of unforgettable moments.

Your Event Highlights on Board

Willem-Alexander & Máxima of the Netherlands: A Royal Couple Between Rapture and Mortal Fear

Máxima turned “Prince Beer” into a King – yet the shared journey with Willem-Alexander was far from easy. A-ROSA royal expert Michael Begasse attended their wedding in Amsterdam in 2002 and has known the House of Orange personally for many years. On board A-ROSA SENA, he shares first-hand insights into the current challenges facing the royal family – in particular the threats against Crown Princess Amalia.

The Queen from A to Z / The True Nature of Elizabeth II

This year, Queen Elizabeth II would have celebrated the remarkable age of 100. The Queen of the Century, who reigned on the British throne for more than 70 years, remains unforgettable even four years after her peaceful passing, living on in the hearts of people around the world. Royal expert Michael Begasse takes you on a regal journey through time, recounting his first personal encounter with the monarch and, in a captivating onboard keynote, shedding light on her life, character and style.

A Journey with Depth

Step into a world of traditions, rituals and modern-day challenges. This journey invites you **to listen, ask questions and join the discussion.**

Your Expert on Board: Michael Begasse

Michael Begasse is one of the most distinguished royal experts in the German-speaking world.

For almost 30 years, he has reported on royal events across Europe and worldwide for print and television media – from London and Windsor to Monaco, Stockholm, Oslo and Madrid.

As a presenter, reporter and author, he stands for profound expertise, journalistic clarity and the ability to convey complex royal topics in an engaging and accessible way.
